

Subject: Re: Doris A Rusch Celebration

Here's a map of downtown Stoughton showing approximately where the Chorus Public House is for Mom's Celebration of Life. Please pass along to anyone who you think might need it.

I've also marked the closest city parking lots (all are free). The lot immediately behind the venue is quite large and the most convenient (you do have to enter the Chorus House via main street, though, not from the back).

There are some additional city parking lots nearby that I marked, but also, Stoughton has a lot of street parking and generally parking is very available and not problematic. I doubt people will have problems finding a parking spot.

There are currently some road constructions going on in downtown Stoughton on Highway 51, which have been annoying and may cause some detouring. I can't say where the construction projects will be at the date of the event, but hopefully it won't cause issues for people.

Thanks,

Jennifer
